d. **Achieve Common Objectives.** A large number of civilian agencies and organizations—many with indispensable practical competencies and significant legal responsibilities—interact with the Armed Forces of the United States and its multinational counterparts. Joint and multinational communication activities to support operations must be strategically integrated and operationally and tactically coordinated with the activities of participating USG agencies, IGOs, NGOs, host nation (HN) agencies, and the private

sector to achieve common objectives. Interagency coordination is between elements of DOD and engaged USG agencies, while interorganizational coordination goes beyond this to also include state, territorial, local, and tribal agencies; foreign military forces and government agencies; IGOs; NGOs; and
